Don de Blasio, U.S. EPA
Community Involvement Coordinator

Proposed Plan

Shari Kolak, U.S. EPA
Remedial Project Manager

Questions & Answers

Audience/Kolak

◆ Public meeting concludes about 7 p.m. ◆

Public Hearing

The public hearing will begin about 7:10 p.m.

The hearing may end earlier if all comments from those present have been heard.

Public Hearing Format

This format is to give as many persons as possible a chance to comment.

- commenters are requested to register to help keep track of order of comments
- comments are limited to 5 minutes at a time
- a commenter may get back in line to speak again
- a commenter next in line may yield to the current speaker, but the yielding commenter must go to the end of the line if others are waiting
- if no other person is waiting, a commenter may continue, but must yield within 30 seconds if another person asks to comment

***Presentations from elected federal, tribal, state, and local offices will be accepted first.
Because they represent a broad constituency rather than an individual position,
elected officials are allowed more time for presentations.***

**The comment period is for the public, so EPA staff will not talk or respond at that time.
The public's comments and questions will be addressed in EPA's response document.**
